19 - 21 April 2015
Madinat Arena, Dubai, UAE

The leading meeting place for Otolaryngologists in the Middle East

Conference tracks

- Rhinology
- Endoscopic Ear Surgery
- Head & Neck
- Rhinoplasty
- Otology and Audiology
- Thyroid Cancer

Provided by

International Guest Institution

Guest Society
The Indonesian Otorhinolaryngological Head and Neck Surgery Society

Guest University
University of Khartoum

Welcome Letter

Dear Colleagues & Friends,

On behalf of myself and Dr Ahmad Alamadi, I would like to welcome you all to the 12th Middle East Update in Otolaryngology - Head and Neck Surgery, the largest meeting of Otolaryngologists in the Middle East.

We are particularly proud of this year’s programme in terms of depth of discussions and the expertise of the faculty with more than 160 international and regional speakers sharing their experience and skills in the following areas:

- Endoscopic ear surgery: the best instrument in the best way possible
- Chronic ear surgery: an update
- Current & developing management in restoration of conductive & sensory neural hearing loss
- Rhinology: emerging technologies, promising therapies, new directions
- Controversies in management of nasal airway & sleep disorders
- Rhinoplasty: technical pearls
- Contemporary update on skull base surgery
- New concepts in paediatric otolaryngology
- Thyroid cancer & surgery: in clinical practice guidelines
- Evaluation and management of swallowing and voice disorders

Every year, the Middle East Academy of Otolaryngology - Head and Neck Surgery, invites a society to participate in our annual meeting in Dubai.

This year we play host to the Indonesian Otorhinolaryngological Head and Neck Surgery Society as the Guest Society, the University of Khartoum, Faculty of Medicine, as the Guest University and the Cincinnati Children’s Global Health Center and American Rhinology Society as the International Guest Institution.

New in 2015, we are proud to introduce two new conferences; the 1st World Congress on Endoscopic Ear Surgery and the 1st Middle East Thyroid Cancer Conference and six hands-on cadaver workshops.

Given the tremendous success of the Young Otolaryngologists Day and Awards for the past three years, for 2015, the Middle East Academy of Otolaryngology - Head and Neck Surgery have sponsored the travel and accommodation of 100 residents from across the globe to participate in the successful fourth year. They will be presenting their research papers and competing for three best paper awards.

I would like to thank Dr. Michael Benninger, Chair, Head and Neck Institute, Cleveland Clinic, Professor of Surgery, Cleveland Clinic Lerner College of Medicine, Cleveland, Ohio, USA, the Activity Director for the conference, for his continued support to the Middle East Update in Otolaryngology - Head and Neck Surgery Conference.

I do believe that we will have a very special meeting this year, and I am looking forward to seeing you all in Dubai.

Kind Regards,

Muaaz Tarabichi MD, Ahmad Alamadi MD
Conference Co-Chairmen
ACCREDITATION STATEMENT

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education, to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 26.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

WHO SHOULD ATTEND?

- Ear Surgeons
- Rhinoplasty Specialists
- Otolaryngologists
- Audiologists
- Endoscopic Surgeons
- Speech Language Pathologists
- Paediatric Surgeons
- Rhinologists
- Endocrinologists

BENEFITS OF ATTENDING

- Observe demonstration on how to safely, efficiently, and effectively perform surgery for hearing restoration
- Recognise the rationale and potential indications for Endoscopic Otologic approaches
- Evaluate and treat patients with vestibular disorders.
- Discuss the latest information on the medical management of patients with chronic rhinosinusitis and other Rhinologic diseases.
- Identify the indications, procedural nuances and potential complications of contemporary surgical techniques used in nasal, endoscopic sinus, and skull base surgery.
- Define the principles of functional, ethnic and reconstructive rhinoplasty.

EXHIBITION

The 12th Annual Middle East Update in Otolaryngology Exhibition is held from 19-21 April 2015 at the Madinat Arena, Dubai, UAE, with the exhibition already sold out, companies will showcase more than 60 exhibitors from 18 countries.

The Middle East Update in Otolaryngology Conference & Exhibition is the largest gathering of ENT specialists within the entire Middle East region, offering a unique platform to network with key experts and practitioners on both a regional and international level.

“I really enjoyed the Middle East Otolaryngology Conference 2014, the activities and atmosphere of the conference were immense and I plan to attend the 2015 event again

Dr Essam Wafy, General Dr, Police Hospital Agouza, Egypt
MINI-SEMINAR: CONTEMPORARY OVERVIEW OF CHRONIC RHINOSINUSITIS

**Moderator:** Richard R. Orlandi, Troy Woodard

- Coffee

**11:00** Mini-seminar: Contemporary Overview of Chronic Rhinosinusitis

**Panelists:** Richard R. Orlandi, Ali Ibrahim Al Amri, Troy Woodard

**Discussion**

**12:30** Lunch

**14:00** Mini-seminar: How the experts manage difficult cases

- Coffee

**11:00** Outcomes in Endoscopic Ear Surgery

**Keynote Lecture:** Outcomes in Endoscopic Ear Surgery - Daniele Marchioni

- Cost Utility Analysis of EES - Nimal Patel
- Auditing the results of EES: Challenges - Jose Antonio Rivas
- Long Term Outcome in more than 400 cases of EES for Eustachian tube Dysfunction - Marc Doan

**12:30** Lunch

**14:00** Endoscopic Tympanoplasty

**Keynote Lecture:** Endoscopic Tympanoplasty - Jose Antonio Rivas

- Endoscopic Cartilage graft tympanoplasty in the pediatric population - Hani Z. Marzouki
- Endoscopic Tympanoplasty: Experience in Taiwanese Population - Chia-Chun Chen

**15:40** Coffee

**16:00** Preoperative work up in Endoscopic Ear Surgery

**Keynote Lecture:** The Anatomy of the Ear Canal: Implication for EES - Stephen Ayache

- My Routine Preop assessment for the EES patient - Jose Antonio Rivas
- 3D modelling to predict feasibility of EES - Adrian James
- The preoperative evaluation of Cholesteatoma Existence and extent - Tomso Watanabe
- The Talamchi Stitch to improve access - Muzaffar Tanabchi

**17:00** Endoscopic Ear Surgery as an Adjunct

**Keynote Lecture:** The endoscope as an adjunct to microscopic ear surgery - Mohammad K. Bhat El-Dine

- Lateral Skull Base Surgery. Advantages of endoscopy - Daniel J. Lee
- Pure endoscopic and combined approaches to the petrous apex lesions - Christian Daniel
- Necessity of Endoscopes in the Surgery for CPA - Amnae Merve
- Use of Endoscope in Skull base Surgery - Nilhil Goksu
- Endoscopic Vestibular Nerve Section - P. S. N. Murthy
- Role of Endoscopes in routine microscopic ear surgery - KKR ENT Hospital experience - Ran Kanamaru

**18:30** Close

**ENDOSCOPIC EAR SURGERY ROOM 2**

**19:00** Welcome to Dubai

- Muzaffar Tanabchi, Livio Prescutti, Daniele Marchioni, João Filho Nogueira

**NEW**

**8:40** Welcome to the IWGEES 3rd World Congress

**Stefan Agachi, President, IWGEES**

Announcement of the future meetings:
- 2nd World Congress: Spring 2017, Bologna, Italy
- 3rd World Congress: Spring 2019, Boston, USA

**8:45** The Power of Ear Endoscopy

**Moderators:** Mohan Reddy, Stephan Ayache

- Key Note Lecture: The Power of Ear Endoscopy - Joao Filho Nogueira
- Bend it like Beckham: The reality of Endoscopic Ear Surgery - Ashraf Bhumkar
- The power to see blind points - Adriano Sergio Freitas
- Comparative visualization of middle ear transcanal, transmastoid and endoscope - Robert Puxeddu
- How Endoscopy Changed my Surgery - Nidal El-Saied
- Does the EES holds value for Eustacian tube Dysfunction - Marc Doan

**10:30** Coffee

**11:00** Outcomes in Endoscopic Ear Surgery

- Cost Utility Analysis of EES - Nimal Patel
- Auditing the results of EES: Challenges - Jose Antonio Rivas
- Long Term Outcome in more than 400 cases of EES for Eustachian tube Dysfunction - Marc Doan

**12:30** Lunch

**14:00** Endoscopic Tympanoplasty

**Keynote Lecture:** Endoscopic Tympanoplasty - Jose Antonio Rivas

- Endoscopic Cartilage graft tympanoplasty in the pediatric population - Hani Z. Marzouki
- Endoscopic Tympanoplasty: Experience in Taiwanese Population - Chia-Chun Chen

**15:40** Coffee

**16:00** Preoperative work up in Endoscopic Ear Surgery

**Keynote Lecture:** The Anatomy of the Ear Canal: Implication for EES - Stephen Ayache

- My Routine Preop assessment for the EES patient - Jose Antonio Rivas
- 3D modelling to predict feasibility of EES - Adrian James
- The preoperative evaluation of Cholesteatoma Existence and extent - Tomso Watanabe
- The Talamchi Stitch to improve access - Muzaffar Tanabchi

**17:00** Endoscopic Ear Surgery as an Adjunct

**Keynote Lecture:** The endoscope as an adjunct to microscopic ear surgery - Mohammad K. Bhat El-Dine

- Lateral Skull Base Surgery. Advantages of endoscopy - Daniel J. Lee
- Pure endoscopic and combined approaches to the petrous apex lesions - Christian Daniel
- Necessity of Endoscopes in the Surgery for CPA - Amnae Merve
- Use of Endoscope in Skull base Surgery - Nilhil Goksu
- Endoscopic Vestibular Nerve Section - P. S. N. Murthy
- Role of Endoscopes in routine microscopic ear surgery - KKR ENT Hospital experience - Ran Kanamaru

**18:30** Close
The Middle East Otolaryngology Conference 2014 had an outstanding international faculty, with a wealth of experience and innovation. I was really impressed with the aptitude and modesty of those highly dedicated professionals.

Osman Ali Omar, ENT Consultant, Royal Cornwall Hospital, UK

RHINOPLASTY

8:10 Rhinoplasty Session V
Moderators: Mohsen Naraghi, Fadi Kanaan

8:15 Osteotomies - Alireza Mesbahi
8:20 Profile alignment - Fazil Apaydin
9:05 The Over Projected Nasal Tip - Hosam Foda
9:20 Refinements in Tip Surgery - Stephen Park
9:45 The Hidden Ala Syndrome - Norman Pastorek
9:50 Bone Recycling in Rhinoplasty - Fazil Apaydin

10:05 Coffee

Rhinoplasty Session VI
Moderators: Fazil Apaydin, Nabil Fuleihan

10:30 Endonasal Tip Suturing - Nabil Fuleihan
11:00 Nasal reconstruction: Finishes with smaller defects - Stephen Park
11:30 Modified Approach to the Gunter Graft - Fazil Apaydin
12:00 Discussion
12:30 Lunch

Rhinoplasty Session VII
Moderators: Hossam Foda, Bashor Bizrah
14:00 Revision Rhinoplasty. Open Approach - Hosam Foda
14:15 Revision Rhinoplasty. Endonasal Approach - Norman Pastorek
14:30 Revision Rhinoplasty. Endonasal Approach - Pietro Palma
14:45 Revision Rhinoplasty. External Approach - Fazil Apaydin
15:00 Structural basis for cleft lip nose Rhinoplasty - Mohsen Naraghi
15:15 Patient Satisfaction in Rhinoplasty - Fars Ahmed Bakhaemen
15:30 Coffee

Rhinoplasty Session VIII
Moderators: Ali Reza Mesbahi, Yasser Nour
16:00 Role of Septal Surgery in the management of the crooked nose - Hosam Foda
16:15 Complications and Revision Surgery in Rhinoplasty - Dr. Mariam Baser
16:25 Latrogenic Septal perforation: Prevention and Treatment - Yasser Nour
16:35 Fineness Rhinoplasty - Nabil Fuleihan
16:50 Nasal Base Surgery - Hosam Foda
17:05 Nasal Base Surgery - Ali Reza Mesbahi
17:20 Chinese African Rhinoplasty - Bashar Bizrah
17:45 Discussion
18:00 Close

OTOLARYNGOLOGY

Difficult Cases in CI
Moderator: Marc Bassim
8:00 CI in setting of congenital inner malformation: surgical techniques and outcomes - Daniel Choo
8:10 Retro facial cochleostomy and middle turn cochleostomy in the setting of meningitis - Brandon Isaacson
8:20 Panel Discussion
Panelists:
- Mark Praetorius, Georg Sprinzl, Ahmed Jamal, Daniel Choo, Walter Kutz, Brandon Isaacson, Marc L Bennett

9:00 Association of CI and middle ear problems
Moderator: Jamel Kassouma
Panelists

9:00 Coffee

9:30 Reimplantation: when to do it?
Moderator: Alejandro Rivas
Panel Discussion
Panelists
- Petr Villan, Fazil Apaydin, Pietro Palma, Marc L Bennett

11:30 Instructional Course: Contemporary pediatric cochlear implantation from diagnostic evaluation to hybrid implantation - Daniel Choo

12:30 Lunch

Short Presentations
Moderator: Hale Ahmed Ali
14:00 Head impulse test, our experience in Qatar - Waleed Kanar
14:20 Meniere’s disease the treatment strategy - Moaaz Adam, Amr Elhakeem
14:40 How to diagnose and treat benign paroxysmal positional vertigo - Hatim Shawli

15:20 Instructional Course: Totally implantable hearing implants: few keys for the future? - Jean-Marc Gerard

16:00 Instructional Course: Malleus obstacles in ossicular reconstruction - Saad Elayoubi

16:30 Instructional Course: Long-term follow-up after Esteem invisible hearing device - Maurizio Barbato

Abstract Presentation Otology
Moderator: Saad Elayoubi, Alireza Elhakeem
17:00 Endoscopic approach to otology office procedures - Hamid Priyono
17:10 Functional mastoidectomy - Fatemeh Tadros
17:20 Facial nerve paralysis as a complication of chronic otitis media - Linda Laumingrum
17:30 Eagle’s Syndrome: Lights & Shadows - Vincenzo Calabrese
17:50 A New Treatment for Persistent Otitis Media with Effusion in Children: a randomized controlled study - Armin Balabanian-Moosaei

18:00 Paper: Diffusion-Weighted MR Imaging of Cholesteatoma - Boa Kalaycioglu
18:10 Immunohistochemical study of pediatric cholesteatoma and surgical impact - Yasser Shehaw

18:20 Close

THYROID CANCER

8:00 Session I
Moderators: Hitoshi Naguchi, Paolo Miccoli
8:20 Risk stratification of Thyroid Cancer - Aly Khail
8:40 Use of Thyroglobulin assay in FNA of Cervical lymph node in patients with FTC - David Chihong
9:10 Treatment of locally advanced thyroid cancer - Giuseppe Spena
9:30 USDAS, US dye assisted surgery for the treatment of Neck Recurrence - Elvio De Florio
9:45 Metaanalysis to the thyroid gland - Natalia Pizio

10:00 Coffee

10:30 Session II
Moderators: Manoua El Khoury, Franco Grimaldi
11:00 Refractory thyroid cancer and target therapy in thyroid cancer - Fursa Pacini
11:20 Improving outcomes in anaplastic carcinoma - Hitoshi Naguchi
11:35 Role of Radiotherapy in Thyroid Cancer - Lily Shafiknia
11:50 Familial Thyroid Carcinoma - Fursa Pacini

12:30 LUNCH

14:00 Session III
Moderators: Enrica Papini, Faraz Khan
14:15 Neck dissection in Medullary thyroid carcinoma - Fadi Kanaan
14:50 Primary Hyperparathyroidism - Aly Khail
15:15 Role of PreOp Sestimibi and 4DCT Imaging for Hyperparathyroidism - Shah Numan

15:30 Coffee

16:00 Session IV
Moderators: Elvio De Florio, Weige Yang
16:20 USDAS, US dye assisted surgery for the treatment of parathyroid gland - Giacomo Ciuffi
16:50 MIVAPT (Minimally Invasive Video-Assisted Para Thyroidectomy) - Paolo Miccoli

17:00 Close

I attended the Middle East Otolaryngology Conference 2014 for the first time, and it won’t be the last.

Sarah Almuaili, Speech Language Pathologist, SADA Educational Center, Kuwait
Starting with Endoscopic Ear Surgery

How I do It: Video Presentations

11:55
11:40
10:50
10:00 Coffee

How to start your endoscopic ear surgery practice - David Pothier

Keynote presentation: How to start your endoscopic ear surgery practice - David Pothier

Moderators: Ahmed Tantawy, Cesare Piazza

A Murine Model of Subglottic Granulatation - Andrea Ghosh

Special Topics

Early Challenges in EES Adaptation - Andrea Castellucci

Class Selection, where to start and how to proceed - Sameer Fakhri

Endoscopic Ear Surgery as a tool for Surgical training - Walter Kutz

The role of endoscope in resident Education - Walter Kutz

Endoscopic Stapedectomy training - Shishir Kondivde

ENDOSCOPIC EAR SURGERY CONGRESS

12:00 Instructional Course: Anatomy & surgical anatomy of frontal sinus - Troy D Woodard

12:15 Lunch

14:00 Instructional Course: Trans nasal approach to the orbit - Luca Muscatello

15:00 Miniseminar: Advanced endoscopic techniques

Moderator: Umar Khan

Accessing the lateral frontal sinus through an endoscopic transnasal-orbital approach - Samer Fakhri

Endoscopic Management of vascular tumours - Sameer Fakhri

Endoscopic Management of meningiovascular compression syndrome - Anandi Devzie

EES Moments - Shokran

Endoscopic resection of parotid tumor by endoscopic transparotid approach - Brandon Isaacson

Endoscopic resection tympanoplasty with ossiculoplasty - Josel Carlos Camara

Exclusive Endoscopic Surgery in External Cholesteatoma: 3 handed approach - Dheeskwar Singh Potsangbam

Treatment of Attic Cholesteatoma - Ilona Koklova

15:30 Coffee

16:00 Endoscopic Stapedectomy Presenters: Hiroshi Kajima, Jooa F. Nogueira, Keynote presentation: Endoscopic Stapedectomy Problems and Outcomes - Mohan Rokdy

Nuances of Stapedotomy and piston insertion - Anthony Pichayanan

EES in Otolithosis - Andrea Gallo

Endoscopic stapedectomy - Domenico Villari

Endoscopic Ear Surgery for Ossicular Reconstruction - Vinod Felix

Barbed Reposition Pharyngoplasty (BRP) - One more swallow outcome after TORS for sleep apnea: short and long term evaluation - Mohamed Eesa

Factors Predict Prolonged Wait Time and Longer Duration of Postoperative Hospitalization in Pediatric Tonsillectomy - Talha Kadri

Advanced endoscopic techniques in Otolaryngology - Domenico Villari

Endoscopic Stapedectomy: An update - Andrea Castellucci

Endoscopic reconstruction of the tympanic cavity - Gokhan Calgaro

Endoscopic management of the inverted middle ear - Mohamed Eesa

Endoscopic repair of the promontory and epitympanum - Jooa F. Nogueira

Endoscopic Ear Surgery: A clue for avoiding and facing problems at the first operation - Andrea Castellucci

The use of the Mitaka point setter arm - Michael John

Using the Untrac point setter holder system in EES - Ryoji Ninomi

11:30 Starting with Endoscopic Ear Surgery

Moderators: Usammah Hadi, Arnaud Deveze

Keynote presentation: How to start your endoscopic ear surgery practice - David Pothier

Overcoming hesitation and resistance of Medical Community - Alex Soudry

The learning curve in EES - Mauricio Amadori

Case Selection, where to start and how to proceed - Phil Li

How I do it: Position, Lights and Camera - Michelle Wong

Bringing EES to OR: From Experienced otolaryngologists to untrained surgeons - Chi Ku Chen

Early Challenges in EES Adaptation - Philipp Lai

12:30 Lunch
